Part Details

(not to scale)

ITEM 1

$\frac{3}{4}$ " White PVC Cap
(may look slightly different)

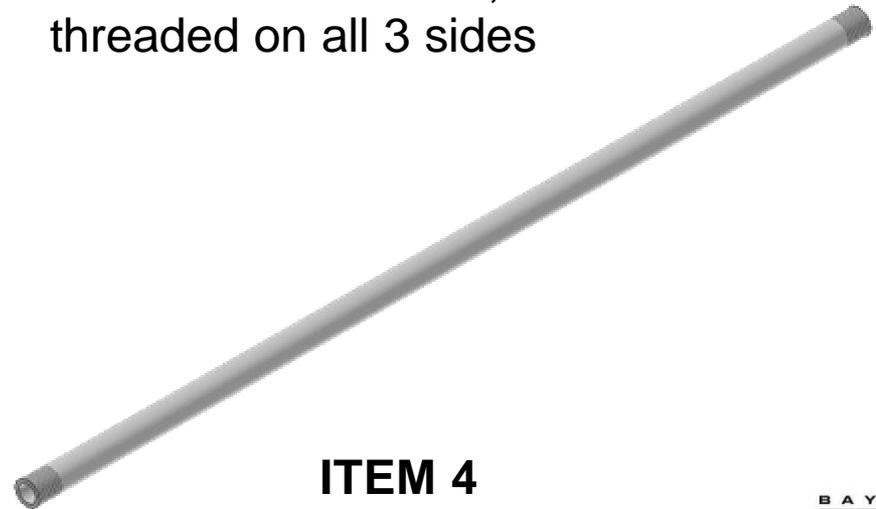

ITEM 2

$\frac{3}{4}$ " White PVC Tee,
threaded on all 3 sides

ITEM 3

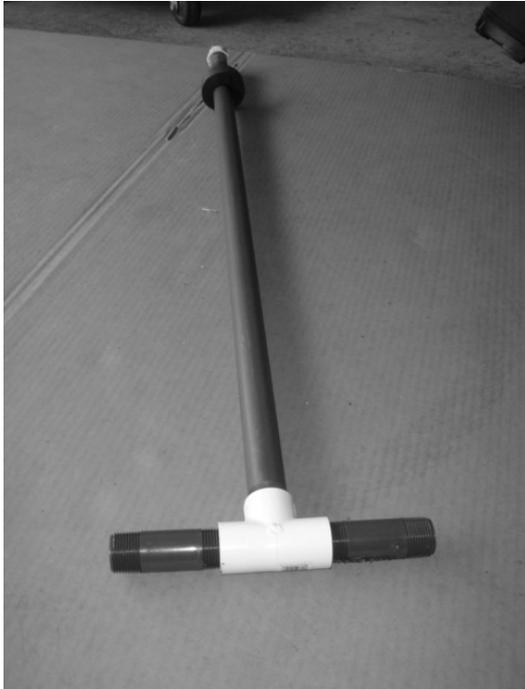

$\frac{3}{4}$ " PVC Schedule 80,
3" Pipe Nipple

ITEM 4

$\frac{3}{4}$ " PVC Schedule 80 pipe,
36" Long, threaded on both ends

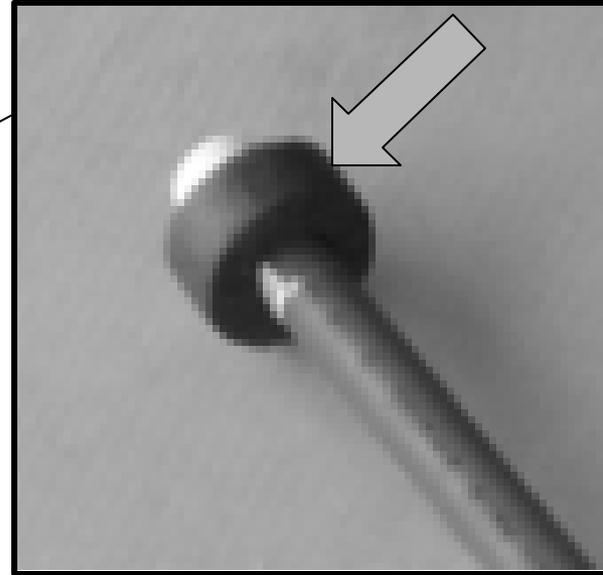

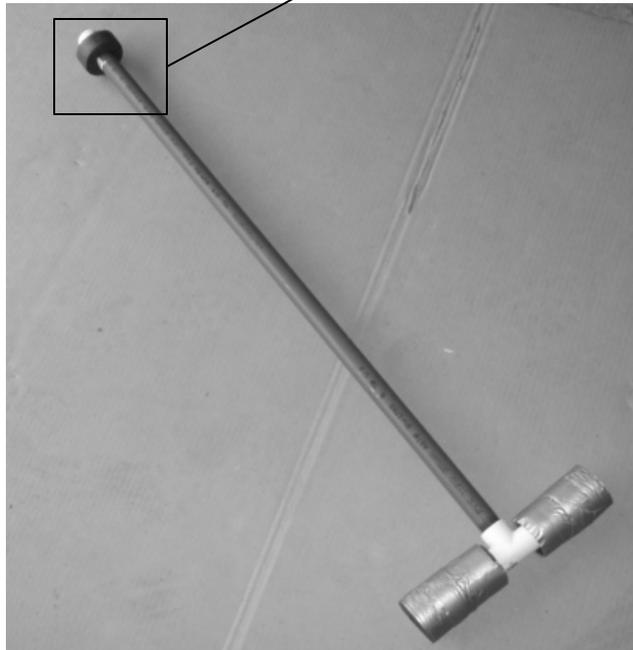

Assembly Instructions

Slide pipe insulation over 3" nipples to cushion mallet head. Use Duct Tape to fasten in place.

Screw everything together as shown above.

Assembly Instructions

Cut off a small piece of pipe insulation to put on the end of the handle. This helps to prevent the mallet from slipping out of your hand and cushions against your wrist.
